

# Airdrie Christian Program Christian Education Partnership Agreement

We value parents as partners in the education of our students. As parents, you are the first and most important teachers of your children. Education is a partnership and is most effective when we work together. This partnership is best achieved when parents, teachers, and students each support the beliefs and philosophies of the program.

## Foundation Statements

### A CHRISTIAN PROGRAM

Committed to teaching the Word of God, the Bible, to all students, helping them to know Jesus Christ and grow in a faith relationship with him. Every day we learn, we worship, and we love each other as Jesus taught us.

At Airdrie Christian, we encourage students to explore God's unchanging truths and grow in their relationship with Jesus Christ.

### A PUBLIC PROGRAM

As a program of choice within the public system, we are accountable to Alberta Education and Rocky View Schools. We provide education through Christian instruction to meet the needs and interests of students and parents seeking faith-based programming. Our school culture and environment reflects our Christian identity and is present through the entire schooling experience of our students.

## Partnership Agreement

We understand that Airdrie Christian Program is an alternative public school program and that as a Christian program, instruction and values are shaped by the Christian faith. We have read the foundation statements; understand the mission of Airdrie Christian Program and desire to have our child(ren) attend. We understand Airdrie Christian Program is an inter-denominational program. We respect and agree to support the Christian ethos, principles and practices of the program while on the premises of the school and while attending school functions.

We understand that Airdrie Christian Program is currently supported by the pastor of Shepherd of the Hills Lutheran Church, who leads our weekly chapel service.
